

Family Photoshoot Guidelines

In-studio or on location, we hope to capture the essence of your family through posed portraits and candid moments to show the essence of your family dynamics. Below, you will find tips that may be helpful for your photoshoot. Thank you for letting us be a part of this important experience for your family!

What to Expect:

- You can expect not only portraits of the whole family, but also some individuals of each parent with the kids, as well as some of just the parents, just the kids, and any other combinations you may want.
- When choosing outfits, we encourage the family to look for colors that complement one another, rather than each of you wearing the same color. Doing so, will give more texture to the portraits and make them more appealing to the eye.
 - We have noticed that it helps if younger kids are rewarded after the shoot for an incentive to cooperate during the photoshoot, with ice cream or a snack for example.
- As we are walking to the next scenic location we encourage you to be intentional with creating candid moments, such as holding hands while walking, playing with your little ones, chasing them around, etc.
- If you are interested in receiving preview photos/ sneak peeks of your session before the final gallery is finished, we offer two options:

Preview Photos Pricing:

- Receive preview photos within 7 days: \$25
- Receive preview photos within 24 hours: \$40
 - Full session: 8+ photos
 - Mini session: 4+ photos

If you are unsure about what to wear, here are some trending colors spring and summer, as well as some complementary color palettes:
